## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. Due to the proximity of the proposed point of diversion to the Walker River, it must be understood that in the drilling of the proposed well there must be no perforations in the casing within 100 feet of the ground surface unless special permission is granted by this office after inspection of the well log. A substantial weir or other type of measuring device must be installed to facilitate the measurement of water. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.0

cubic feet per second, and not to exceed a duty of 4 acre-feet of water per acre of land irrigated.

Actual construction work shall begin on or before May 5, 1950

Proof of commencement of work shall be filed before June 5, 1950

Work must be prosecuted with reasonable diligence and be completed on or before May 5, 1952

Proof of completion of work shall be filed before June 5, 1952

Application of water to beneficial use shall be made on or before
